

At their regular meeting last evening, February 18, the School Board approved make-up days for this year. We have missed 8 full days so far, with a strong potential for Wednesday (tomorrow) making 9 missed.

The calendar will be extended using Tuesday, May 28 through Friday, May 31 as classroom days. Also, the PD day scheduled for Monday, April 22 is rescheduled as a classroom day. Further, the PD early out on Wednesday March 27 is rescheduled to be a full day of classroom instruction and no PD.

As we all know, the winter is not over, so additional changes may have to be made if more school is missed.
